

The New Standard

in **AMMONIA** Detection

Extremely Cool.

## CI 21

Low maintenance  
charge carrier  
injection sensor

- Robust, long-life sensor withstands high  $\text{NH}_3$  exposure
- Low Temp operation to  $-40^\circ\text{F}$  (or lower)

IIAR booth  
# 702

### EC 30

Full-featured  
smart  
transmitter

- Robust Industrial design
- Fully-automatic one button calibration adjustment

### EC 22

Highly accurate  
electrochemical  
sensor

- Exceptionally compact design
- Easy conduit fitting installation
- Economical price

### IR 24

Highly  
selective,  
substance-  
specific IR  
sensor

- No false response due to interfering contaminants
- Extremely stable, low maintenance system

### CS 21

Low cost  
solid state  
sensor

- High sensitivity to a broad range of refrigerants
- Long sensor life
- Fast response
